

Allot Partnering with Verizon Business on Enhanced Cybersecurity Protection for Its Customers' Mobile Devices

February 25, 2025 at 5:11 AM EST

The Verizon Business Mobile Internet Security solution offers network-native mobile cybersecurity functionality to help protect Verizon Business' customers from mobile threats like malware, viruses, phishing and ransomware.

Hod Hasharon, Israel, Feb. 25, 2025 (GLOBE NEWSWIRE) -- [Allot Ltd.](#) (NASDAQ: ALLT) (TASE: ALLT), a leading global provider of innovative security-as-a-service (SECaaS) and network intelligence solutions for communication service providers and enterprises, announced today that Allot's NetworkSecure offering is helping support the expansion of Verizon Business' cybersecurity capabilities to boost protection for customers against a broad range of mobile cyber threats.

"We always want to be a step ahead for our customers, particularly when it comes to security. Our network-based security portfolio makes it easy for our customers to enjoy peace of mind, including through our powerful mobile cybersecurity solutions," said Jennifer Varner, AVP Security Products and Solutions, Verizon Business. "This collaboration with Allot helps us enhance our offerings even further for our customers."

"We are proud to enhance our collaboration with Verizon Business and excited with the opportunity to address the mass market," said Eyal Harari, CEO, Allot. "Allot is privileged to work with Verizon Business to enhance mobile security for businesses."

[NetworkSecure](#) is a monetizable network-based solution, offering zero-touch, clientless operation, requiring no application installation by the end customer. With NetworkSecure, customers can enjoy protection from cyberthreats, including viruses and other types of malware and phishing and ransomware attacks. An easy-to-use branded interface provides alerts and reporting that help strengthen brand loyalty. Customers, especially SMBs, can enjoy cutting-edge cybersecurity services, seamlessly delivered from the network without the need for any complicated IT support.
