Forward Looking Statements

This presentation contains forward-looking statements, which express the current beliefs and expectations of Company management. Such statements involve a number of known and unknown risks and uncertainties that could cause our future results, performance or achievements to differ significantly from the results, performance or achievements set forth in such forward-looking statements. Important factors that could cause or contribute to such differences include risks relating to: our ability to compete successfully with other companies offering competing technologies; the loss of one or more significant customers; the impact of government regulation on demand for our products; our failure to increase the functionality and features of our products; our ability to keep pace with advances in technology and to add new features and value-added services; the failure of our products adversely impacting customers' networks; managing lengthy sales cycles; greater operational risk associated with large projects; our dependence on third party channel partners for a material portion of our revenues; our failure to comply with regulatory requirements; our dependence on traffic management systems and network management application suites for the substantial majority of our revenues; the loss of rights to use third-party solutions integrated into our products; undetected errors in our products; our dependence on a single third-party subcontractor for a significant portion of our products; and other factors discussed under the heading "Risk Factors" in the Company's annual report on Form 20-F filed with the Securities and Exchange Commission. Forward-looking statements in this release are made pursuant to the safe harbor provisions contained in the Private Securities Litigation Reform Act of 1995. These forward-looking statements are made only as of the date hereof, and the Company undertakes no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.

Business Performance Strategy

Q1 2026: KEY HIGHLIGHTS

Strong start for 2026, Revenue Growth Accelerates to 14% YoY
marked third consecutive quarter of double-digit revenue growth

Accelerated cybersecurity ARR growth, with 59% growth YoY

Improved gross margin and increased profitability

Record operating cash flow for the quarter

Recurring revenues to reach 67% of the total in the quarter

“Looking ahead, we reaffirm our 2026 revenue guidance of \$113 million to \$117 million, with continued profitability improvements. In addition, following our strong first quarter with accelerated growth in SECaaS ARR, we now have strong visibility into SECaaS revenue growth exceeding 40% in 2026”

Cyber Security First Strategy Update

01

Our subscription-based cybersecurity offering-as-a-service generates YoY growth providing us with good visibility. The pipeline continues to be strong, and our offering is gaining broad traction

02

As cybersecurity threats continue to intensify, we remain focused on protecting the consumer and SMB markets—segments that we believe remain underserved by traditional security solutions

03

For consumers, our ambition is to evolve from providing 360-degree data protection to protecting the digital life of the consumer. With the OffNetSecure solution ensures end-users remain protected even when they are not on the network. The solution has already been sold to new and existing customers

04

Launched new solutions for SMBs – including Firewall-as-a-Service – already live with customers, DDoS Protection enabling protection of inbound traffic, and domain-level Identity-theft Monitoring, protecting the digital identities of all users across the organization

05

Compax Ventures selected Allot as its cybersecurity partner, enabling its brand and community-based MVNO customers built-in cybersecurity, powered by our solution
