## **Allot Communications Reports Continued Increase in Revenues and Net Profit for Third Quarter of 2010**

**--Revenues rise to \$14.7 million; EPS increases to \$0.05 on a non-GAAP basis--**

### *Key highlights:*

- Third quarter revenues reached \$14.7 million, a 36% increase over the third quarter of 2009
- Third quarter non-GAAP net income of \$1.3 million; non-GAAP EPS grows to \$0.05 from \$0.03 in the second quarter of 2010
- Cash and cash equivalents totaled \$56.2 million

**Boston, MA – November 9, 2010** – Allot Communications Ltd. (NASDAQ: ALLT), a leading supplier of service optimization and revenue generation solutions for fixed and mobile broadband service providers worldwide, today announced that sales, as well as profitability, continued to rise during the third quarter of 2010.

Total revenues for the third quarter of 2010 reached \$14.7 million, a 36% increase from the \$10.8 million of revenues reported for the third quarter of 2009, and an 8% increase from the \$13.6 million of revenues reported for the second quarter of 2010. On a GAAP basis, net profit for the third quarter of 2010 was \$0.8 million, or \$0.03 per share (basic and diluted). This compares with a net loss of \$2.3 million, or \$0.10 per share (basic and diluted), in the third quarter of 2009, and a net loss of \$7.4 million, or \$0.33 per share (basic and diluted), in the second quarter of 2010, the latter due primarily to the sale of the Company's entire remaining ARS portfolio during the second quarter of 2010.

On a non-GAAP basis, excluding the impact of share-based compensation and amortization of certain intangibles, non-GAAP net income for the third quarter of 2010 totaled \$1.3 million or \$0.06 per basic share and \$0.05 per diluted share, compared with a non-GAAP net loss of \$0.2 million, or \$0.01 per share (basic and diluted), for the third quarter of 2009, and non-GAAP income of \$0.8 million, or \$0.03 per share (basic and diluted), for the second quarter of 2010.

These non-GAAP measures should be considered in addition to, and not as a substitute for, comparable GAAP measures. The non-GAAP results and a full reconciliation between GAAP and non-GAAP results are provided in the accompanying Tables 3 and 4. The Company provides these non-GAAP financial measures because it believes that they present a better measure of the Company's core business and management uses the non-GAAP measures internally to evaluate the Company's ongoing performance. Accordingly, the Company believes that they are useful to investors in enhancing an understanding of the Company's operating performance.

“We are pleased to report continued, steady growth in revenues and profitability during the third quarter,” commented Rami Hadar, Allot Communications' President and Chief Executive Officer. “The continued dramatic rise in data traffic, particularly in the mobile market, is opening new opportunities for Allot. In addition to classic traffic management functionality, the need for service providers to offer value added services to drive additional revenues has opened up new prospects for Allot’s solutions.”

Recently, the Company achieved the following significant goals:

- Began deployment with a global Tier 1 mobile operator in Latin America, which includes 6 different territories to date;
- Received a new large order from a Tier 1 fixed line operator in APAC;
- Received its first major order from a Tier 1, incumbent fixed line operator in Eastern Europe;
- During the quarter, received orders from 19 large service providers, of which 8 represented new customers and 11 represented expansion deals; and
- Of these deals, 12 were with mobile operators, 10 of which are local operating companies of some of the Company’s global Tier 1 mobile customers.

As of September 30, 2010, cash, cash equivalents, short term deposits and marketable securities totaled \$56.2 million.
