EXHIBIT INDEX

The following exhibit has been filed as part of this Form 6-K:

<u>Exhibit</u>	<u>Description</u>
99.1.	Press Release Announcing Financial Results Dated November 7, 2007.

Allot Communications Announces Third Quarter 2007 Results

Hod Hasharon, ISRAEL – November 7, 2007 – Allot Communications Ltd. (NASDAQ: ALLT), a leader in IP service optimization solutions based on deep packet inspection (DPI) technology, today announced financial results for the third quarter ended September 30, 2007.

Revenues for the third quarter of 2007 totaled \$7.0 million, representing a 19% decrease from the \$8.6 million in revenues reported for the second quarter of 2007 and a 21% decrease from the \$8.9 million of revenues reported in the third quarter of 2006. On a GAAP basis, net loss for the third quarter of 2007 was \$2.2 million, or \$0.10 per share, as compared with a net loss of \$592 thousand, or \$0.03 per share, for the second quarter of 2007 and net income of \$505 thousand, or \$0.03 per diluted share, in the third quarter of 2006. For the first nine months of 2007, revenues reached \$23.8 million, representing a 3% decrease from the \$24.6 million in revenues for the first nine months of 2006. On a GAAP basis, net loss for the first nine months of 2007 totaled \$3.2 million, or \$0.15 per share, as compared with net income of \$563 thousand, or \$0.04 per diluted share, for the first nine months of 2006. On a non-GAAP basis, excluding the impact of share-based compensation expense and the impact of expenses related to a law suit, non-GAAP net loss for the third quarter of 2007 totaled \$1.7 million, or \$0.08 per share, as compared with a non-GAAP net loss of \$299 thousand, or \$0.01 per share, for the second quarter of 2007 and non-GAAP net income of \$845 thousand, or \$0.05 per diluted share, for the third quarter of 2006. For the first nine months of 2007, non-GAAP net loss, excluding the impact of the share-based compensation and the impact of the legal expenses, totaled \$2.1 million or \$0.10 per share, as compared with net income of \$1.2 million or \$0.08 per diluted share for the first nine months of 2006.

These non-GAAP measures should be considered in addition to, and not as a substitute for, comparable GAAP measures. Reconciliation between GAAP and non-GAAP measures is provided in the accompanying Table 2 of this press release. Allot provides these non-GAAP financial measures because they present a better measure of the Company's core business and management uses the non-GAAP measures internally to evaluate the Company's ongoing performance. Accordingly, the Company believes that they are useful to investors in enhancing an understanding of Allot's operating performance.

"While our revenues were lower than expected this quarter, Allot did achieve two major milestones," commented Rami Hadar, Allot Communications' President and Chief Executive Officer. "The first milestone was the \$2 million purchase order we received from a Tier 1 operator in Latin America. Revenues from this order may be recognized over an extended period of time, most likely commencing during 2008. The second milestone was the commencement of trials and the first commercial installation of our new Service Gateway -Omega 20G product line with large service providers and Tier 1 Carriers.

1

"We believe that Allot's new platform opens up near term opportunities for Allot, as we expect that our current customer base will begin to migrate from 1G products to 10G products, and longer term opportunities from Tier 1 operators seeking carrier class DPI solutions for their networks," concluded Hadar.

As of September 30, 2007, Allot's cash and cash equivalents, including short and long-term deposits and investments in marketable securities, totaled \$77.8 million.

Financial Guidance

The Company maintains its previous guidance for the year 2007, and anticipates that net revenues will total approximately \$32-35 million.

Conference Call & Webcast

The Company's management team plans to host its quarterly conference call and webcast on November 7, 2007 at 8:30 AM EDT to discuss the quarterly results.

To access the conference call, please dial one of the following numbers: US: 1-866-966-9446, International: +44-1452-567-098, conference ID 20246146.

A replay of the conference call will be available from 1:00 pm EDT on November 8, 2007 through December 7, 2007 at 11:59 pm EDT.

To access the replay, please dial in the US: 1-866-247-4222, International: +44-1452-550000. Access code for both is 20246146#.

A live webcast of the conference call can be accessed on the Allot Communications website at www.allot.com. The webcast will also be archived on Allot's website following the conference call.

About Allot Communications

Allot Communications Ltd. (NASDAQ: ALLT) is a leading provider of intelligent IP service optimization solutions. Designed for carriers, service providers and enterprises, Allot solutions apply deep packet inspection (DPI) technology to transform broadband pipes into smart networks. This creates the visibility and control vital to manage applications, services and subscribers, guarantee quality of service (QoS), contain operating costs and maximize revenue. Allot believes in listening to customers and provides them access to its global network of visionaries, innovators and support engineers. For more information, please visit www.allot.com.

Safe Harbor Statement

Information provided in this press release may contain statements relating to current expectations, estimates, forecasts and projections about future events that are “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. These forward-looking statements generally relate to the Allot’s plans, objectives and expectations for future operations, including revenue guidance for the fiscal year; recognition of revenue for the Latin America order referred to above; and the performance characteristics of our Service Gateway, as well as the level of revenues to be generated therefrom. These forward-looking statements are based upon management’s current estimates and projections of future results or trends. Actual future results may differ materially from those projected as a result of certain risks and uncertainties. These factors include, but are not limited to: the impact of the introduction of 10GB products by us and by our competitors on the sale of our existing products; whether the commercial availability of our Service Gateway remains on schedule; the market’s acceptance of our Service Gateway; the length of sales cycles for the Service Gateway; the audit of our annual results; changes in general economic and business conditions and, specifically, a decline in demand for our products; our inability to timely develop and introduce new technologies, products and applications; loss of market; and those factors discussed under the heading “Risk Factors” in Allot’s annual report on Form 20-F filed with the Securities and Exchange Commission. These forward-looking statements are made only as of the date hereof, and we undertake no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.
